DISEASE SPREADING

Yellow Fever Breaks Out In Town of Phoebus Near the Hampton Home.

EXCITEMENT PREVAILS

In the Country Surrounding the Soldiers' Home—Every Effort Being Made by the Authorities to Confine the Disease to Its Original Boundary—Forty Cases and Eight Deaths.

Norfolk, Va., Aug. 2.—Yellow fever has appeared at Phoebus, a little town almost adjoining Hampton. The scourge appeared among the negroes, and six cases and two deaths are reported.

There is no change in the local situation except that the authorities have redoubled their diligence to prevent the fever spreading to this city from Hampton or elsewhere. The mayor, chief of police and patrolmen are doing 18 hours duty daily and special officers, inspectors and physicians are working day and night, perfecting the quarantine against Hampton and neighboring points in the peninsula.

Mayor Johnson called upon Governor Tyler and asked him to urge upon Secretary of War Root to send all inmates of the home, whose removal was regarded as prudent, to some point north to remain until the disease has been stamped out. The governor promised to give the suggestion immediate attention.

Fishermen and oyster tongs who have been operating in the vicinity of the infected districts are not allowed to come near the shore. Several were driven back yesterday by the river and harbor patrol.

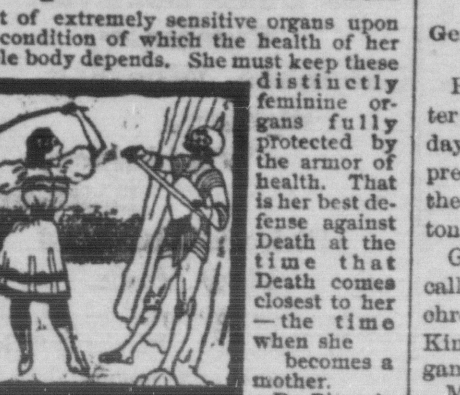

OFFICIAL REPORT.

Dr. Wadlin's Statement to Surgeon General Wyman.

Washington, Aug. 2.—Three new cases of yellow fever in the soldiers' home at Hampton and one death, is the official report received by Surgeon General Wyman from Dr. Wadlin, the yellow fever expert on duty at the institution. Added to Dr. Wadlin's previous figures sent to Dr. Wyman this makes up to date 40 cases in all which have occurred at the home, of which eight have proved fatal. Surgeon White telegraphed Dr. Wyman that in his opinion there was little doubt that there had been some fever infection in the neighboring village of Phoebus, but the surgeon general said that this dispatch had not been followed by any evidence of a positive case at that place. Should the fever develop there, however, no surprise will be felt in view of the proximity of the place to the soldiers' home and the mixing of the inmates of the institution with the people of Phoebus. Its appearance at Phoebus, Dr. Wyman thinks, under these circumstances, would be simply a coincidence. The opinion was expressed that the situation continues encouraging, inasmuch as the disease has been kept within its original bounds. None of the nearby towns other than Phoebus has reported the appearance of infection or suspicious cases. The people for miles around the home are very much alarmed, but are quiet. No restrictions have been placed on the departure of the several hundred visitors at Old Point Comfort, but Dr. Pettus, who has absolute charge of affairs there, will exercise careful supervision of those who may leave, so as to avoid danger of their communicating the disease.

This will apply also to the soldiers now stationed on the government reservation there and who have been ordered to proceed to Battery Point, Del. Word reached the surgeon general yesterday that arrangements had been made for the transportation of these men through the army quartermaster at Philadelphia. They will be taken by boat to Cape

Sooner or later every woman must duel with Death. Nature has provided her with

A set of extremely sensitive organs upon the condition of which the health of her whole body depends. She must keep these organs fully protected by the armor of health. That is her best defense against Death. The time that comes closest to her is the time when she becomes a mother.

Dr. Pierce's Favorite Prescription is designed for one purpose of curing all diseases, or disorders of the feminine system, except cancer. It stops debilitating drains, soothes inflammation, promotes regularity of the monthly function and puts the whole female organism into a state of strong, vigorous health.

Taken during the period of gestation it robs childbirth of its pain and danger. Over 250,000 grateful women have written of the wonderful help of the "Favorite Prescription." Among others Mrs. Cordelia Benson, of Coaling, Boyd Co., Ky., writes: "In October 1897 I gave birth to a baby and the treatment I received at the hands of the midwife left me with prostration. I had no health to speak of for three weeks. My health began to fail and I then had three miscarriages and found myself completely worn out. I had so many pains and aches my life was a burden to me and also to all the family. For I was nervous and could not sleep. Had four doctors. They said I had liver, lung and uterine trouble. I was in bed for months and when I got up I was a sight to behold. I looked like a corpse walking about. I commenced taking Dr. Pierce's Favorite Prescription and in a few weeks I became a well woman. Before I began the use of Dr. Pierce's medicine I suffered all a woman could suffer at my monthly periods, but now I have no pain. The dark circles around my eyes are gone and I feel better in every way. My cheeks are red and my face is white; before my face was as yellow as saffron."

Charles and thence by train to their destination. Battery Point is an isolated place and Dr. Wyman has no fear that the soldiers will carry any infection with them.

EXCITES DERISION

Report of an Alliance in South America Against the United States.

Washington, Aug. 2.—The renewal of the report, this time from Rome, that South and Central American countries are forming an alliance to offset the American tendency toward expansion and imperialism, excites only derision in the diplomatic circles of the southern republics. One of the best posted of these officials said:

"There has been no such movement so far as I can learn from letters and reports from many quarters in South and Central America, and from constant association with representatives from those countries. These show the utmost cordiality toward the United States, and some of the countries mentioned as taking part in an alliance, have recently given strong expressions favorable to the United States. The Argentine Republic is said to be a prime mover in the plan, but the president of Argentina, in his recent message to congress, paid a glowing tribute to 'Our friend and neighbor, the great republic of the north.'"

"No administration in any southern republic could stand long on a policy of opposing this country, and, as a matter of fact, no responsible official has ever proposed such a movement."

PUBLIC DEBT.

Washington, Aug. 2.—The monthly statement of the public debt issued at the treasury shows that at the close of business July 31, 1899, the debt, less cash in the treasury, amounted to \$1,161,587,671, an increase for the month of \$5,267,486.

WHAT WE WANT

Ex-President of Venezuela Thinks Its Europe and the Indies.

New York, Aug. 2.—Dr. Laurens Villanueva, ex-president of Venezuela, who is at present in New York, when asked through his interpreter whether it was true that the South American countries were about to form an offensive and defensive alliance against the United States on account of the "imperial policy," replied that he had not heard of it, but thought such an alliance ought to be made.

"Do the South American nations fear the United States?"

The ex-president shrugged his shoulders and opened and shut his hands rapidly—opened them wide as if he were grasping continents—and then said something in Spanish.

"Mr. Villanueva thinks," said the interpreter, "that the United States will take all—all."

"But the United States may be satisfied with the Philippines," said the reporter.

"Oh, no; the United States want Europe and the Indies, at least," came from the ex-president, through the interpreter.

"Do all of the South American republics think as you do about the United States?"

"Why, of course. It is a well known fact. Who can doubt it? Do you deny it?"

VIENNA PEOPLE

Convinced Dewey Never Uttered Words Attributed to Him.

London, Aug. 2.—The Daily News and The Standard print Vienna dispatches saying that people who had intercourse with Admiral Dewey are convinced of the incorrectness of the interview recently printed in New York papers, in which the admiral was made to say: "Our next war will be with Germany."

They say that Admiral Dewey not only said nothing pointing to strained relations between the United States and Germany, but even denied that Captain Coughlan's words could possibly have been based on anything which he (Dewey) had said, as Captain Coughlan had never been in his company.

On the other hand, Admiral Dewey does not conceal the displeasure he feels over the arrogant conduct of the Germans in Manila.

PLAYED EUCHRE

General Henry and Wife Call on President and Mrs. McKinley.

Pittsburg, N. Y., Aug. 2.—Postmaster General Smith arrived here yesterday and went for a long walk with the president. They talked over in detail the events of the past week in Washington.

General Guy V. Henry and wife called and spent some time playing euchre with the president and Mrs. McKinley. The latter is very fond of the game.

Mr. McKinley is kept fully advised regarding the yellow fever epidemic at Hampton, and is in hopes that the authorities there will succeed in preventing the spread of the disease. He had nothing to say in regard to the statement of Secretary Alger published in the morning papers.

FLAG AT HALFMAST

United States Transport Senator Arrives at Ft. Scott From Manila.

San Francisco, Aug. 2.—The United States transport Senator arrived late last night from Manila with her flag at halfmast on account of the death of Colonel Alexander Hawkins, commander of the Tenth Pennsylvania regiment, U. S. V., who died during the voyage from cancer of the bowels.

The Senator sailed from Manila on July 1, with 38 officers and 721 enlisted men. The transport was at Nagasaki on July 15.

POISONED HER BABIES

Mother Gives Her Two Children Morphine and Ends Her Own Life.

Detroit, Aug. 2.—Mrs. Mary Stevenson yesterday afternoon poisoned her two children, Emma, aged 3, and Ella, aged 6, with morphine and took a dose of the drug herself. All are dead. Mrs. Stevenson was in straitened circumstances, and despondency over this is supposed to have been her reason for killing her babies and herself. Her husband, who is a cabinetmaker, left her some time ago and went to Chicago to work. Since his absence she has been unsuccessfully trying to get work and living meanwhile at an uncle's.

CLEVELAND BOYCOTT

That Levied by Streetcar Strikers Causing Great Excitement.

ADJUTANT GEN. AXLINE

Will Prosecute Parties Refusing to Sell to His Troops—Man Critically Ill Refused Medicines by Druggists Because He Hated a Car—Warned Not to Attend a Dying Child.

Cleveland, Aug. 2.—The strike has practically been lost sight of in the popular excitement over the boycott. Everybody is talking about it and the newspapers publish many stories illustrating the methods resorted to in the effort to prevent people from riding on the cars of the Big Consolidated. People of all classes and in all occupations and walks of life are being affected more or less and business is suffering greatly in consequence.

The Street Railway company continues to operate its cars on all lines, but many of them are run over the road empty, while, on the other hand, the cars of the Little Consolidated and the union busses are crowded to their capacity. Apparently the officials of the company are not worrying over the situation, but the strikers are jubilant, declaring that they will yet win the fight and force the company to come to terms.

Adjutant General Axline said last night that he had found a way to smash the boycott as far as it affected the troops. Every day since the soldiers arrived they have been subjected to petty annoyances because of the refusal of merchants to sell them necessary supplies.

General Axline pointed out the other day that these merchants could be prosecuted under the civil rights law, which requires all keepers of inns, restaurants and places of public amusement and accommodation to serve all people alike. He declared today that if any more complaints of discrimination against soldiers came to him he would appoint a judge advocate general to proceed against the merchants, and thus seek to bring them to time.

A prominent physician gave an instance of the way in which the boycott is being enforced. He says he was called to see a little girl who was dying. He was met by two men who told him he had better not attend the child, as her father was a "scab." He replied that they ought to serve notice of a boycott on the Almighty and inform Him that they would not go to heaven if the child would be there in a short time.

A man was refused medicine at two druggists, even though he was in a critical condition, simply because he had ridden on a Big Consolidated car. The man who was boycotted says that one of the druggists who refused him medicine was recently saved by him from prosecution for damages for selling poison to be used for a criminal purpose, and that he afterward endorsed the druggist's notes for a considerable amount. He made the statement to show that the druggist was under obligations to him and should have been glad to accommodate him by filling the prescription.

Ohio has no specific statute covering boycotting or conspiracy, and it has been questionable whether the boycotters could be reached. Judge Hamilton, who stands practically at the head of the Cleveland bar, said last night that it would be impossible to collect damages from boycotters.

"Boycotting is, however, a crime," he said, "under the common law covering conspiracy and any person who is refused goods by a merchant can cause the arrest of both of the persons who asked that the person be boycotted and also of the merchant who refuses to sell goods, for conspiracy."

BIBLE CONFERENCE

Meeting of Friends at Earlham College to Close This Week.

Richmond, Ind., Aug. 2.—The Friends Bible conference at Earlham college will close this week. There has been a large attendance, and most of the visitors are still in the city. Yesterday Lindley Hall was filled to listen to Jane Addams of Chicago talk on the social problem. Members of the Indiana Yearly Meeting of Friends are enthusiastic over the success of the conference.

TRADERS

The Only People Making Money in the Klondike.

Duluth, Aug. 2.—Emerson Bull of this city has returned after 18 months spent in the Klondike country. The fact that he did not expend his efforts in hunting gold is responsible for a successful life there. Mr. Bull says the people who are making money in the Klondike are those in business. They get all the small miners can make. Last winter Bull was on the summit of White Pass engaged in freighting. Early in the spring Mr. Kilgore, also of Duluth, started for Dawson with vegetables, eggs, lemons, potatoes and other supplies. There was the first snow to go down the river. Two hours after arrival at Dawson they had sold their stock for \$7,300. Eggs went like hot cakes at \$85 a case, potatoes brought 67 cents a pound wholesale and lemons \$65 for 500. If they had kept the eggs three days longer they could have sold them at \$115 a case.

WHAT DAME should be applied to the man who gives encouragement to the enemy of his country in time of war? Such men were to be found during the civil war, but, to their credit be it said, they are ashamed of it today.

H. M. GUESS, the promoter, is laboring with the Jeffersonville light committee even after the bids have been opened and his bid was found higher than some others. He is not likely to put in a plant at Jeffersonville though he said he would before he quit Seymour.

This new reform laws will soon be in full force. On the proper administration of these laws much depends. Much depends on a proper start. The provisions of the laws should be carefully studied, especially by those who are to administer them. The laws are right in principle and if they are defective in any way a correct administration of them will bring this to light so that proper amendments can be made. The laws were enacted in the interest of the people and the people want them properly administered.

AN ALL-AROUND ROGUE.

Captured Near Freetown Today

To-day Deputy Sheriff Carter in company with Sheriff Fultz of Fulton county, A. Gast, Ex-sheriff and H. A. Barnhart, Rochester Sentinel, went out in the neighborhood of Freetown in search of one Clyde Jones, or Johnson, and Miss Nellie Bergur, whom he had abducted from her home near Rochester, Indiana. Roger Carter preceded them on a bicycle.

They found the parties at Wilber Acton's, two and a half miles northeast of Freetown and took them in custody. They were eating dinner when the officers arrived.

They returned this afternoon to Seymour with the parties and took the train for Indianapolis. Jones or Johnson as he goes by either name will be taken to Michigan City and the girl to her home in Fulton county. He is said to be an all-round-dish.

He went to the home of the girl two weeks ago to employ a girl to do housework. Terms were made and he drove away with the girl, coming this way. The girl's story shows that she has been inhumanly treated since she was taken away from home. She seemed relieved when the officers had him in charge and she was free again.

He had been working for Acton hauling gravel this week.

Elder Thomas Jones is having brick delivered and the shade trees removed on his premises, corner of sixth street and Indianapolis avenue, preparatory to dividing his lot and the erection of another residence.

A Tedious Trial.

The case of Joseph J. Fields vs. Clark Brown on trial at Bedford before special Judge O. H. Montgomery has been brought before the courts several times, but is yet unsettled. It is a case venued from Orange county and involves a settlement between a former county treasurer and the Pauli bank. Fields was county treasurer and at the end of his term a defalcation was discovered. The deputy treasurer was involved in some way and suit followed. The Bedford Mail says it will take 21 days to try the case if tried by jury, but not more than half that time if tried before the court.

Interesting Letter From the West.

To the Editors and readers of the Seymour REPUBLICAN:

According to request and promise we will try to give you a little description of our travels since we left the good old city of Seymour and the "Hoosier" state. We arrived in St. Louis, Mo., at 8 o'clock next morning after leaving Seymour. Was in St. Louis only about an hour. Then we took the Missouri Pacific and arrived at Pleasant Hill, Mo., at 5 o'clock p. m. where we were compelled to stay a few days on account of sickness. From there we went over to Harrisonville and staid one day and night. Harrisonville is a real clean little town, and the people are very sociable, as in fact they are most everywhere west. Missouri is a very rough country, at least what we came through, but of course there is some good corn and other crops. The crops as a general thing are not good along the Mo. Pacific through Missouri and the R. R. is very rough to travel over. After leaving Harrisonville we went to Kansas City and changed cars taking the Atchison, Topeka & Santa Fe for Chanute, Kansas. Have seen much better land and crops since we arrived in Kansas. Chanute is quite a nice place of about 5,000 inhabitants, have gas to some extent, but a neighboring town which is known as Iola, is quite a gas town and is booming the country all around. On Friday we left Chanute for Walnut, Kansas, where we arrived in perfect safety and were highly entertained by friends and relatives, and were in Walnut until Saturday. It is only a small town of 800 or 900 inhabitants but a very business place, have several stores of all kinds and two railroads running in there cause quite a good deal of shipping. Has five nice churches and a good school, some fine farms near town well improved at \$50 and less per acre. Through a good portion of Kansas the corn is as fine as I ever saw. Quite a large quantity of flax raised here and have seen some cotton between Chanute and Mulvane, where we are now. Will leave here this a. m. at 8:50 for Coldwater, Kansas, which is something less than 100 miles from here. I think this a very healthful climate, for you see few graveyards. ReOva is gaining some since she became rested from traveling. There has been quite a good deal of rain here considering time of year.

We have made lots of acquaintances in our travels. Saw people from several other states and as a usual thing each one has the best state in the Union. We have been lucky enough to always get good boarding places. We must admit that the people here take every pains in entertaining and serving everything you want, and all seem so sociable one feels at home. "Tis two weeks since we started. Perhaps you may hear from us again before we return.

Yours very respectfully,
JAMES BLAIR.

Spanish-American War Panorama Is one of the war books which is likely to be in continuous demand. It is a panoramic record of the triumph of Yankee Doodle. The eagle flaps his wings on every page, and "Old Glory" waves around and above every scene. Prominent officers connected with the war are here portrayed, as well as many of the "men behind the guns." Military life is pictured to the eye from recruiting to guard mount and skirmish line. Nor is the ludicrous omitted. The company cook receives the attention due to his importance; the nether shown; cavalry scenes are depicted; the heroines of the Red Cross service are displayed; street scenes in Havana, Santiago and elsewhere are unrolled, the new citizens or subjects (which are they?) of Uncle Sam, appear and disappear as the leaves are turned.

In a word, the gazr visits the new localities and sees the tumultuous new life, without the risk or expense of a sea voyage.

The Album is 5x8 inches, weighs 12 ounces, printed on finest coated paper.

Entertained for Miss Blair.

Wednesday evening July 26, 1899.
Mr. and Mrs. John McClay highly entertained at their beautiful home in this city about 50 of Walnut's most highly esteemed young people in honor of their friends Miss ReOva Blair of Seymour, Ind., who is now the guest of her cousins, the Misses Collins, also Miss May Hinsen of Kansas City. The evening was spent in games, guessing matches etc. and late in the evening cream and other refreshments were heartily partaken of for the weather was quite warm. At a late hour the jolly crowd of young people took their departure for their respective homes thanking Mr. and Mrs. McClay for their hospitality and for having the opportunity of meeting the two guests of honor. The prizes were awarded to Miss Alma Collins and Wilber Clarke and the booby prizes were won by Miss Nellie Thomson and Thomas Woodworth.—WALNUT (Kas.) EAGLE.

WINE OF CARDUI
HEALTHY OLD AGE.
I am 40 years old and have been suffering with Change of Life. I had flooding spells so bad that I thought I could not live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.
It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

Grain-O Brings Relief.
to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, effects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be other.

BAD FREIGHT WRECK
One Man Crushed to Death
Beneath Five Cars on the Panhandle.
O. U. A. M. ANNUAL MEETING.
Officers Elected and Place of Meeting Selected—Boiler Explodes in a Brownstown Gristmill and Wrecks the Plant—Petersburg Citizens Return With Klondike Gold Dust.
Center, Ind., Aug. 2.—A Panhandle freight had a bad smash-up just north of here yesterday afternoon, caused by the parting of the train. Marion Kephart, a brakeman, was standing with one foot on each car when the coupling broke and he fell between the cars. Both legs were cut off by the wheels, after which five cars piled up on top of him. Kephart's wife, who was at the track to see him, witnessed the accident. Kephart was dead when chopped out of the wreckage.
GRISTMILL WRECKED.
Boiler Explodes Causing a Loss of \$8,000—Several Narrow Escapes.
Brownstown, Ind., Aug. 2.—The boiler in the large gristmill of Messrs. Longman & Adams exploded, wrecking the plant. J. T. B. Hollett, the engineer, had just stepped out of the boiler-room when the crash came. Several houses in the neighborhood were damaged by falling debris, and the shock was felt for some distance. A woman who was passing had her hat knocked off by a flying piece of timber. Several other persons miraculously escaped injury. A section of the boiler was thrown one-quarter of a mile distant, narrowly missing in its descent two young men working in a tomato patch. The loss to the mill firm will reach \$8,000, with no insurance.

O. U. A. M.
Annual State Convention at Bluffton.
Bluffton, Ind., Aug. 2.—One hundred delegates from various Indiana lodges of the O. U. A. M. met in convention in this city yesterday. Hammond secured the convention for next year. The following officers were elected: Junior ex-stator, John L. Houck, Bluffton; state counselor, E. P. Houck, Bluffton; state vice counselor, L. H. Grey, Muncie; state council secretary, J. W. Wilson, Anderson; state council treasurer, S. Chennis, Muncie; state council instructor, C. S. Briteman, Bluffton; state council examiner, Charles Druhaier, Hammond; state council in-charge protector, W. A. McEaren, Bluffton; state council outside protector, C. W. Routh, Losantville.

RETURNED WEALTHY
Hoosier Comes Back From the Klondike With \$200,000 in Gold Dust.
Petersburg, Ind., Aug. 2.—Frank O. Lory and his partner have just returned from the Klondike with over \$200,000 in gold dust. Mr. Lory left his home in this city 80 months ago. With funds just sufficient to pay his expenses to the goldfields, he there met Max Beaver of New York. Working together, the foundation of their fortune was laid. Lory and Beaver intend to return to their mines after a short visit in the states.

Pensions Granted.
Washington, Aug. 2.—Pensions have been granted to Indians as follows: Original—Christian Euteman (deceased), Memphis, \$12; James Wagner, Evansville, \$8; Original Widows, Etc.—Eliza J. Steele, Knightstown, \$8; Abigail Davis, Fort Wayne, \$8; Mary A. Moreland, Ellettsville, \$12; Elizabeth Euteman, Memphis, \$8.
Wages Advanced.
Ingalls, Ind., Aug. 2.—The Wagner Glass company has advanced wages of blowers 15 per cent. This was done by the company unsolicited and is owing to the prosperity of the times and to a desire on the part of the management to permit the blowers to share in the profits of an increased business. It is a munificent factory.

Mail Pouch Stolen at Terre Haute.
Terre Haute, Aug. 2.—A mail pouch was stolen from a truck on the platform of the Big Four depot yesterday. It was one of three left unguarded for a moment. The contents were mail matter made up here for the west. No clew to sack or thief.
Peculiar Marriage Statistics.
English, Ind., Aug. 2.—A census of this city shows that 1 per cent of the married males have been married five times, while a fraction less than 1 per cent of the married males were married three times before 25 years old.

Arm Torn From Its Socket.
New Albany, Ind., Aug. 2.—Joseph Kelly, engineer at Hought's brickyard, caught his left hand in the machinery yesterday afternoon, and the arm was torn from its socket. His skull was fractured and he will die.
Glass Works Starts Its Fires.
Greentown, Ind., Aug. 2.—The Indiana tumbler and goblet works started their fires yesterday. The plant was reported recently as having been closed by the frost. The working force has been increased to 500 men.

Having been in a number of towns and cities in southern Indiana and adjoining states we still contend that Seymour is the cleanest, best regulated, most accommodating and nicest looking place we ever saw. It is far superior to Cincinnati, that big excursion centre, only in size and just give it time for that.

His Life Was Saved.
Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he said: "I was taken with typhoid fever, that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung troubles. Regular size 50 cents and \$1. Trial bottles free at W. F. Peter's drug store. Every bottle guaranteed.

PILING UP TESTIMONY.
NOTHING BUT PRAISE FROM ALL SOURCES.
Stands High in the Estimation of Those Who Have Tested Its Merits.
There is no doubt whatever as to the merits of Morrow's Kid-ne-oids judging from the good results obtained right here in Indiana. Morrow's Kid-ne-oids are used daily by many of our citizens and they all testify without any hesitancy about the good they have received by the use of this great kidney preparation. Kid-ne-oids will positively cure kidney backache, dizziness, sleeplessness, nervousness and all urinary disorders arising from a disordered condition of the kidneys. Another citizen adds his testimony as follows:
Mr. F. W. Stewart, who is one of the firm of the Novelty Advertising Co., of Ft. Wayne, Ind., and whose office is 24 Arcade, says: "For the past five years I have been troubled a great deal with my kidneys; the worst symptoms being continued backache and frequent micturition, discharges being as high as twelve to fifteen times a day and then I always had a painful sensation. Some time ago I tried Morrow's Kid-ne-oids and began to feel better within two days from the time I began to use them. I now sleep well and am free from pain in the back and all other annoying symptoms. It is quite a pleasure for me to tell any one about my experience. Other gentlemen in our office have used them and have been equally benefitted."
Kid-ne-oids are for sale at Alpha Cox's drug store.
